5. If the fair requires you to upload any files for your entry, those will be step 5 on the progress bar. Upload requested files, and click Continue.

Creating Entries

Each exhibitor can have multiple entries. One entry must be made for each item, animal, class, etc. For example, if an exhibitor is bringing 2 photographs, two entries into the photography class must be created. If an exhibitor is showing one horse in 5 events, five class entries must be created. Once all entries have been created for the first exhibitor, you have the choice of creating another exhibitor in this family (and entries) or proceeding to check-out (submitting the entries, whether or not fees are charged).

1. Click Add an Entry beside the correct exhibitor (if more than one has been created).	
2. Click Select beside the first department you wish to enter. Any departments that are not available for entry will be noted as "Not Available" with a short explanation. 3. After you select a department, you will see a list of divisions to select from, and then a list of available classes. *Also notice that there are blue "Change" links in case you mistakenly select an incorrect department, division, or class.* 4. After you have selected the class, click the green Continue button.	
5. Once you click the green Continue button a blue box will appear. Click the dark blue button that says Review/Complete Outstanding Reports	
6. In the provided text box please add a detailed description of the project you plan to bring. This is for building exhibit entries only.

7. If this is an **animal class entry**, you may be required to specify which animal will be exhibited in this class; that may be optional; or you may NOT be able to specify the animal at entry time. If you are able to do that, you will see the option to "Add an animal".

8. Fill in all of the fields with information about the animal you intend to exhibit. **The information MUST match that of animals you ID'd with the extension office by May 15th.** Click Create and Add Animal when finished.

9. If the animal information was entered incorrectly, you have the option to either Remove From Entry (creating a new animal) or Edit Animal Details. When it's correct, click Continue.

10. Any questions or file uploads related to entry in this class will be next. Click Continue after answering those questions or uploading documents.

11. The Review screen allows you to double check this entry for accuracy, and make any changes necessary. When the information is correct, click Continue and that class entry is complete.

12. When each class entry is complete, you have 3 choices for what to do next:
    a. If all class entries have been completed for one exhibitor, you can **Register another Exhibitor** in this family.
    b. If this exhibitor has more class entries to make, you can **Add another Entry for this Exhibitor**.
    c. If all entries for all exhibitors in the family have been completed, **Continue to Payment** to finalize and submit your entries.

13. Review your entries for completeness and accuracy. *Notice the Summary and Detail buttons at the top of the list on the right.* If there are errors, click on the green Entries section at the top of the page. Click Continue when all information is correct.

Please try to print the detailed invoice and include it with your payment.

You will also receive an email from Fair Entry letting you know if your entry was approved or rejected by the Extension Staff. You are now able to make additional entries. If part of a previous entry was rejected, a reason will be listed and you will be able to log in and fix the problem before submitting that entry again.
